## WJ-38A / 62A / 手动烫画机 Manual Heat Press Machine

手动烫画机可将各种烫画、烫钻经热转印烫在棉、麻、化纤等织物上，还可进行丝网印刷，胶浆，发泡等工艺热处理，还可将彩色色标，人像照片，风景图案等烤制在瓷板，金属板上，特别适合制作奖牌，纪念证牌，文化衫等，经济又实用。

- 1: 电子数显控制温度，准确性高，并且有微调按键；
- 2: 采用铝合金压铸导热原理，发热丝与加热板一体，温度均匀，温差系数小，节能；
- 3: 自动恒温，压力随意调校，性能可靠；
- 4: 电子时间控制，工序完成讯号指示；
- 5: 根据人体工学设计，操作轻松，压力均匀。

Manual heat press machine may hot transfer all kinds of pyrography and hot drills onto cotton, linen, and chemical fiber materials; it is applicable for the heat treatment of screen printing, mucilage, foaming, and other processes; it is also able to copy color codes, portraits, and landscape pictures onto vitrolites and metal boards; it is particularly suitable for making medals, badges, and fashion T-shirts to ensure economy and practicability.

1. Electronic digital display for temperature control with an accuracy of ( $\pm 2$  C); providence of fine-tuning knob;
2. Fever aluminum casting thermal conductivity principle, the radiation pipe and the hot plate is whole, temperature uniformity, temperature coefficient is small and power saving.
3. Automatic constant temperature system to ensure flexible pressure adjustment and reliable performance;
4. Electronic time control and process completion indication;
5. Designed in accordance with ergonomics to ensure simple operation and uniform pressure.

型号	Model	WJ-38A	WJ-62A
电压	Voltage	220V 50Hz	220V 50Hz
功率	Power	2200W	3200W
工作尺寸	Working Dimension	38x38cm	40x60cm
工作温度	Working Temperature	室温-250°C	室温-250°C
包装尺寸	Package Size	68×62×37cm	68×62×37cm
净重	Weight	33KG	33KG
